

## A smart uniform:

- instils pride;
- supports positive behaviour and discipline;
- encourages identity with, and support for, Longhill school ethos;
- ensures pupils of all races and backgrounds feel welcome;
- protects children from social pressures to dress in a particular way;
- nurtures cohesion and promotes good relations between different groups of pupils.
- Above all, we believe that school uniform supports effective teaching and learning.

# Shoes

- Smart, sensible ALL black shoes – no logos

**No** open sandals or boots! If trainers are worn they must be ALL black with NO logos, coloured trim or laces.

# Trousers

Smart black tailored school trousers.

# **The importance of appropriate school trousers**

- Certain trousers make it possible for fashion sense to be criticised by peers. Some students can be made very vulnerable to others unpleasant comments for example if the trousers are very tight or leggings are see-through.
- School trousers might not always be a perfect fit (physically or conceptually), but once all students are in the same style it then helps to focus the classroom on the main reason we are here in the first place: to learn.
- Smart trousers prepare students for the world of work.

# None of these:

- Jeans, or trousers with rivet fixings
- Leggings or 'Jeggings'!
- Combats
- Tracksuit bottoms or trousers with elasticated legs at bottom
- Skinny fit trousers
- Trousers with accessories such as studs, zips, fancy pockets or belts.
