

WHO ARE THE SCIENCE DEPARTMENT?

Mr P Doe	Head of Science
Ms K Abingdon	2nd in Science Department
Ms D Winfield	2nd in Science Department
Mr J Rolfe	Lead Practitioner In Science
Miss K Axford	Science Teacher
Mr W Holland	Science Teacher/ Deputy Headteacher
Mr D Dean	Science Teacher
Mr J Lamb	Science Teacher/Assistant Headteacher
Mrs E Darwish	Science Teacher
Mr J Gibb	Science Teacher
Mr A Dodd	Science Teacher
Ms A Partridge	Science Intervention Teaching Assistant
Ms S Budgen	Lab Technician
Ms G Knox	Lab Technician

DEPARTMENT ACCOMMODATION

The Science Department at Longhill School comprises of eight laboratories, four large preparation rooms adjacent to the labs and a chemical store. Two of the labs have computer areas to allow ICT to be integrated into investigative work. Each lab is 90m² which makes them spacious and allows easy movement. The work benches are movable which means that we can modify the working environment when carrying out experimental investigations. As well as having first class laboratories, the Science Department enjoys easy access to ecology study areas, such as the copse in The Vale and the chalk downlands.

The Science Department can make use of the Horticulture area and polytunnels for investigations into ecology and plant science.

If you would like to discuss the work of the Science Department further please contact:
