A message from the colleges on results day:-

The MET (formerly City College)

If you have not achieved the required results for your course - do not worry!

We can help you - you may still be able to get onto your chosen study programme or we will help you find a suitable alternative. You are still advised to come along to your scheduled enrolment slot and your place will be reviewed then. You can also call us on GCSE results day to discuss your options with Curriculum staff/Course Advice/Admissions if you are at all concerned and don't want to wait until your enrolment slot. Call us on 01273 667704, email admissions@ccb.ac.uk or pop into the Student Centre at our Central campus, Pelham Street.
