PIC•COLLAGE

Hello from the Headteacher

It's been an incredibly busy half term and, although it was a slightly longer one, it seems to have flown by. As always, there has been lots going on and students have been working hard throughout the school.

Year 11 have had a taste of things to come by sitting their mock exams. Students will find these an invaluable means of identifying areas for improvement in the coming months and I would encourage all Year 11 students to take advantage of all the revision sessions on offer to them.

Our CCF cadets have shown outstanding commitment to the school and the local community again this year during the British Legion Poppy Appeal. They took part in the remembrance parade in Rottingdean, as well as visiting the Blind Veterans in Ovingdean. The cadets raised a staggering £3,715.72 in their two weekends of collecting at Asda in Brighton Marina.

The new Prefect Team have settled extremely well into their new roles of responsibility and their assistance at parents' events has been much appreciated. They spent a fun and somewhat muddy team-building weekend, learning about leadership and communication skills, whilst getting to know each other better.

Students have enjoyed trips to the Imperial War Museum with the history department, as well as a truly inspirational day at the Amex Stadium with Love Local Jobs for *Be the Change*. We were fortunate to have RAF100 sponsoring a whole day of STEM activities for our Year 8 and 9 students, as well as our Ethics department welcoming students from Indonesia to spend a week working with their Longhill buddies.

The icing on the cake this term has been the absolutely fantastic pantomime, *Christmas Stuffing*. I'm sure that many of you will have seen and enjoyed this original production and will appreciate the work and dedication of students and staff that went into making it such a memorable show.

It just remains for me to wish everybody a very merry Christmas and a happy New Year. See you on January 3rd.

Kate Williams
Headteacher

Sussex Writers Inspire Longhill High Students

This term, six Sussex University PhD students visited Longhill High School to work with some of our brightest young minds. The PhDs, whose specialisms included English, Psychology, and Creative Writing, came armed with inspirational activities and a wealth of experience.

Using techniques like *free writing*, interesting new methods of character development and vivid descriptions, the Sussex Writers tutored small groups of high ability Longhill High students in the first of a series of sessions that helped students develop creativity and imagination in their prose.

The sessions were an enormous success and arrangements have been made to share writing and pursue professional outlets and competitions in the run-up to their return in the spring. A summer awards ceremony has also been organised and we're hopeful to see whether some of our shining lights will collect a gong or two.

Innovation from the Maths Faculty

Year 10 maths students took part in some practical and enlightening workshops this term, provided by visitors from Lloyds Bank. One of the main topics covered was personal budgeting, including how to adjust budgets to allow for savings and planning for the future, considering both small and large goals. Students were surprised at the cost of living, particularly increases in utility bills. The reality of what things actually cost was a focus of their discussions and most of the students agreed that they should contribute at home when they are able to.

The Maths Faculty has invested in the award-winning maths programme, *Hegarty Maths*, a self-progress study program that allows our pupils to follow the entire scheme of work, as it happens in class, at home. Already way over 300 hours of self-study has taken place at home and around our community. This will allow anyone who misses any of the programme to follow the study from home, or to prepare for their next lesson, or follow the revision for term tests. We are sure that Hegarty Maths will be of benefit to all our maths students.

News from Year 11

I'm sure all the Year 11 students will agree that it has been a busy term! This term has seen students experience what is to come at the end of the year by completing their mock exams. The students' attendance and behaviour throughout this period was, on the whole, exemplary which they should be proud of.

In preparation for the mocks and their final GCSE exams, students have been attending revision sessions regularly and with great enthusiasm. The revision timetable has evolved over the term allowing students to now attend 2 x 45 minute sessions each day.

Year 11s have also been working hard in order to achieve their *Passport to the Prom*. In order to attend the Prom, students will need to achieve a minimum score of 100 points. The focus of this Passport is to maximise their achievement and improve their life chances. Points can be earned and lost like credits and debits in a bank account. Points can be earned through good attendance at school, attending after school revision sessions and meeting target grades. Points can be lost through received negative behaviour points and detentions.

We want students to be in the best possible position to reach their full potential and to celebrate at the Prom, knowing they have done everything to maximise their chances of success.

The prefects, Ben Davey, Ella Durrant, Lily Froome, Freya Hengeveld-George, Laura Howell, Yiling Looi, Hannah Mason-Goodrick, Jessy-Franck N'Sukama, Josh Prince, Archie Redgrave, Alex Ridley, Aston Scott, Millie Smith-Hashim, Frankie White and Millie Whitfield have been very busy this term. Their hard work and dedication is testament to their determination to improve Longhill. They have been invaluable at parents' evenings and assemblies, using their initiative to help both staff and parents. They are leading the development of the Year 11 year book and have even presented their role to the school governors.

Finally, I would like to wish the students, parents and carers a Merry Christmas and look forward to seeing all the students in the New Year!

Ms Winfield
Head of Year 11

Christmas Stuffing is No Turkey!

Audiences were delighted by this year's Christmas panto offering from Longhill High School, which ran over two evenings, as well as a special matinee performance for local primary school children. The original pantomime, entitled 'Christmas Stuffing', was once again penned by Longhill's very own multi-talented Deputy Head, Bill Holland, who also played a major role as pub landlady, Stella Artois.

This year's panto story involved all the fairy tale favourites, living happily in the forest, protected by a magic spell cast by the good Fairy Fruitful (Priscilla Lupata). Things took a turn for the worse when evil Hector Hermist (Esther Barnard), a world famous taxidermist, wanted to complete his collection of stuffed animals to display around his castle and was trying to steal the fairy's wand. Meanwhile, Humpty Dumpty (Charlie Barr) was trying to organise his talent show, 'The Eggs Factor' and Jack (Mack Dunk) was trying to win over his secret love, Goldilocks; the three pigs were trying to build their new houses and Red Riding Hood (Molly Rogers) was trying to take her basket of goodies to her grandmother, whilst harbouring a secret crush on Jack.

The whole production was a resounding success, with wildly funny and enthusiastic performances from students and staff alike. The young stars played their parts to perfection, from the winsome Red Riding Hood to the exuberant Humpty Dumpty and the charming Jack to the stalwart taxidermist's assistant Willie Makeit (Shae Bergin). Staff too took their turns to shine, from the fiendish Hector to the outlandish Stella, with a fabulous last-minute appearance from Jo Ellis as the delinquent Baby Bear.

With songs and jokes aplenty, the audience applauded, laughed and whooped, enjoying a couple of hours of heart-warming entertainment for all ages. Staff, students, parents, friends and neighbours all joined together in relishing a cracking night out. "A fantastic performance [@LonghillSchool](#) from the very talented students and staff tonight. Thank you, we had a blast!" said one audience member. "Went last night WOW!!! Fantastic, entertaining, hilarious!!! Going tonight as well!!!" exclaimed another. Huge thanks to Director, Jo Fenwick, and all the cast and crew for putting on such a first class show!

News from Year 9

As we approach the end of our winter term, in Year 9 we reflect on a positive start to the year. Our students returned with a new uniform, looking smart and ready to engage in their chosen option subjects. As they focus on key stage 4 level work, preparing for their GCSEs, it is clear to see that students have a positive attitude to learning and demonstrate a keen interest in their chosen fields.

A huge 'thank you' goes out to those parents who attended parents evening this half term. We would love more of you to attend these important evenings and I know that teachers of year 9 really appreciate the opportunity to discuss students' progress and reflect on their new option subjects.

At the end of November nearly 90 Year 9 students travelled to the Amex Stadium to attend a special one day programme called "Be the Change". This was a fantastic day which inspired and motivated our students. They were able to share their own experiences and listen to others, with a key focus on engagement in school and in making the right decisions to achieve their potential in life. Although an emotional day for many, I think that every student who attended this event took something away with them which they have been able to use here in school upon their return.

Our students have been taking part in an array of sports events since September and I congratulate all those who have taken part. Additionally, I'd like to thank all those pupils who took part in the inter-house dodgeball tournament; this was a huge success and it was lovely to see so many of our students and their mentors participating. I look forward to the next inter-house event in the spring term.

Finally, a mention for our students in Year 9 who took on some of the lead roles in the Christmas Pantomime this year. Along with students from other years and several members of staff, we created an evening of entertainment for all. It was fantastic to have so many family members, friends and members of the community to come and support our students - a great night was had by all.

I wish you all a very Merry Christmas and hope that you have a restful and peaceful new year. I look forward to seeing students in January.

Miss Ellis
Head of Year 9

Aspirations & Challenges Inspire Longhill High Students

More than 90 students from Longhill High's year 9 spent a truly inspiring day at the Amex stadium last week. The event, entitled 'Be the Change' was part of a ground-breaking, inspirational programme run by Love Local Jobs and supported by local business representatives who offered their guidance and expertise to the students.

The 'Be the Change' programme focuses on happiness, confidence, hope, relationships and employability and encourages students to identify their personal barriers to success and help them to find ways of overcoming those barriers.

Student Toby, aged 13, talked about the day. "I didn't really know what to expect, but the speaker asked anyone who had been bullied to stand up; I stood up and was asked to tell my story. I didn't really want to, but I decided to do it anyway. People came up to me later, other students, who didn't know about my life outside school and they were really surprised. It made people realise that sometimes things they say, even in a joking way, can upset someone else because of things that are happening to them in their lives. I think it gave other students a better understanding of what other people might be going through."

Did Toby think the day was beneficial? "Oh yes it was. I felt much better after talking to everyone. It was hard because it was very emotional. In the break, other students said that I'd made them cry and I was surprised, probably because it's the life I live every day, but it's good that they have a better understanding now."

Student Spencer, also aged 13, also stood up to tell his story. "People were surprised to learn that I'd been bullied, both because of my heritage and because of being transgender. A lot of people said they didn't realise that I was. I think I'm very lucky to be part of such an accepting community, living in Brighton, compared to living in other parts of the country. For young people who are already questioning a lot of things, it is good to be part of an accepting community and not in a toxic environment. Students that I'd never spoken to before came up to me in the break. It really broke down barriers between us on both sides."

As to their future aspirations, Spencer and Toby both have clear ideas of what they would like to do. "I would love to be a rugby player and an actor", Toby said, "I have goals and I want to reach the top." Spencer has aspirations to become illustrator, "I love drawing and making stories, so I'd like to write and illustrate comic books. I also love music and want to pursue that too."

It sounds as though 'Be the Change' has really inspired our students and we would like to thank the Amex and Love Local Jobs, as well as Head of Year 9, Miss Ellis, for organising such a fantastic day.

RAF 100 STEM Day is Huge Hit with Students!

There was a real buzz in the air this week, as I entered the assembly hall to find it packed with excited year 8 and 9 students. Upon further investigation, I realised that the cause of the excitement was a whole day of STEM activities, running as part of the First Edition Programme and sponsored by RAF 100. The First Edition programmes are run through the charity EDT, which provides hands-on science, technology, engineering and maths (STEM) activity days for young people across the UK.

Students worked in teams throughout the day on a variety of challenges; they had to construct a radar tower, using only paper and tape, but capable of supporting weights at two different heights. The aim was to investigate the strength of different shapes in structures and the most efficient use of materials. "I've really enjoyed working as part of a team," year 8 student Izzy told me. "I didn't really know that I liked engineering, but I've been having a great time!"

The next activity involved programming a small robot to enter a disaster zone, the scenario being the recent earthquakes in the Nepal region of the Himalayas. Students had to work out the coding required in order to steer the robot accurately through the disaster zone. "It's been really interesting and fun." Year 8 student Shannon said. "We've all worked on the coding – it's really important to get that right, or the robot won't go where you want it to."

The final task of the day was for teams to build and test their own aircraft models which had to achieve a specified distance along a 'runway' using only elastic power. Teams had to investigate the impact of mass, friction and aerodynamics on the movement of their models. "There was a lot of physics involved in completing this task", Year 9 student Shae explained, "And we've all been working together to work out how to make our model travel the right distance."

Shae also shared his thoughts on the First Edition event, "I've been doing a maths workshop at weekends, but this is much more fun. I'm really interested in engineering and science; this is very practical and hands on, so I can actually see if what we are doing works in practice."

Students were challenged to investigate real world applications of science, technology, engineering and maths; this encouraged creativity, innovation, problem-solving and team work; and the overall verdict of the students, "We've had a fantastic day!"

Huge thanks go to EDT, RAF 100 and Ms Holland for organising such a wonderful day for Longhill High students.

The Learning Resource Centre AKA—the Library

Borrow Books * Use the computers * Print Homework *

'Tis the season to read

This term has seen lots of lovely new titles in our school Library including the BOOKBUZZ books. Our Year 7s were able to choose a book to take home and keep through the BookTrusts, BookBuzz programme.

Here are some of the books that were available...

OVERDUE BOOKS

Parents and Carers, thank you for all your help in getting our overdue books back to us! We still have a number outstanding so your continued support is really appreciated.

Follow us on Twitter! <https://twitter.com/LonghillLibrary>

Teens and Self Harm: FREE Parent Workshop

Open to all parent/carers in Brighton and Hove

"it was helpful to share and meet others who understand. I feel I have some strategies to make life better again."

Parent attendee on workshop May 2017.

Questions or worries about Self Harm?

Not sure how to talk to your young person about it?

Need support to manage your own feelings as a parent?

Parents / carers of teenagers: Come along to a **supportive and friendly** workshop offering **basic awareness** on self harm.

The workshops aim to:

- Increase your **understanding** of self harm
- Increase your **confidence** in talking to your child about self harm
- Offer **tips** on how to **support** young people who may be self harming -
and **where to get help**
- Learn who can **help, advise and support** you as a parent

Tuesday 30th January 2018. 6.30—9pm.

LONGHILL PE AND PERFORMING ARTS FACULTY NEWSLETTER

Welcome Back

WOW! It's nearly Christmas already! We have been very busy in the PE and Performing Arts faculty and I am pleased to share with you a few of our best stories. We continue to make outstanding steps forward and engagement in clubs has been at an all-time high.

Indoor Athletics Success!

Longhill was the host again for this event, providing excellent leaders to officiate at the events. I thank each and every one of them for their commitment, enthusiasm and professionalism during the two competitions; Amy Stevens, Daisy Middleton, Madison Gladwell, Callum Underhill, Amy Serednicki, Saoirse Burke, Alfie Edmeads, Bayleigh Terry, Olivia Cranfield, Max Daniels, Max Wilkins, Lacie Hogg, Talan Simmonds, Molly Rogers and Nicole Robb

The Year 8 teams worked superbly hard, but were up against high level competitors. The girls team finished 5th and the 4 boys were entered as a non-scoring team. Well done to the following athletes that took part and represented Longhill superbly; Fraser Middleton, Finnian Ford, Ziggy Kendall, Jack Palmer, Lois Martin, Sophie Lind, Ellie Short, Jess Magee, Hallie Irvine and Olivia Hardwick.

The Year 7 teams were involved in the first competition and they did not disappoint! Longhill finished in first place in 50% of the races, along with amazing performances in the field events. The girls finished in 2nd place narrowly missing out on first spot, but the boys' team managed to go one better and won the competition. These are the best results for Longhill teams in this competition over the past five years. The boys team will go on to represent Brighton and Hove in the Sussex final at The Triangle sports centre in Burgess Hill in March.

Congratulations to all the team members!

Girls team – Sophie Wilkinson, Evie Durant, Lily Forsyth, Maia Darling, Emma Daniels, Isabel Clark Lovell, Freya Hambrook and Megan Gilbert.

Boys team – Oliver Emery, Stanley Hardwick Owen, Bayley Kibble, George Wood, Noah Connolly.

Year 7 Girls Football #TeamPE

Brighton Schools Tournament

Turnout at the Thursday football sessions after school, run by Naomi from Brighton & Hove Albion, has been really good from year 7s in particular. All girls are welcome to come along to the club, regardless of ability and this club will continue to run on Thursdays from 3-4pm for the rest of the year.

Two Year 7 girls' tournaments have been played this term - the first was a 7-a-side tournament at PACA, where we played lots of games and our top scorers were Megan Gilbert and Maia Darling. The second tournament was a Brighton Schools 5-a-side on Astro-turf at Dorothy Stringer. Our girls played extremely well and made it to the semi-finals where we were knocked out by the final winners. Some superb goalkeeping from Lauren Townsend kept the score-lines down in all our games. Well played to all the girls in the squad! We look forward to more games after Christmas!

Evie Durrant, Maia Darling, Izzy Clark-Lovell, Megan Gilbert, Emma Daniels, Lauren Townsend, Mollie Bettsworth, Freya Hambrook, Emily Young

Inter House News! #TeamPE

Wow, what a start to the new house system! Dodgeball has been incredible and we have seen our highest ever numbers attending clubs. This is amazing and all students should be so proud of their achievements in PE and School Sport!

We will be launching our **new Inter House Cross Country** when we come back to school after Christmas!

Rugby News #TeamPE

Well done to all students and staff who have been training on a Wednesday and Friday night at our Rugby club. Your support has been brilliant, the challenge now is to play against local schools and play the best we can in the New Year. I would like to pay tribute to the way in which all students have been training, we need to now set the bar high and really compete with an effective and good style of rugby. Thank you for coaching support from Dave Valentine from Hurstpierpoint College and Jack from the RFU. The year 9 Rugby Leaders have been superb supporting our year 7 squad every Friday: Bradley Anderson, Lewis Latham, Lewis Brown, Connor Bettsworth, Robbie Stoner, Kyle Saunders and Reece Manser. Their organisation setting up The Children in Need Charity Run was first rate. Rugby is a great sport and it can have a great influence on our students and benefit our school community. Incorporating Rugby into students' lives gives them a passion and commitment to school as well as fantastic memories.

PERFORMING ARTS NEWS

Christmas Stuffing

This term a group of 35 staff and students have been busily rehearsing for Longhill's Xmas Panto.

'Christmas Stuffing'. The show is about an evil taxidermist called Hector Hermist who wants to stuff all of the animals in the fairy-tale forest! The show was written by our very own Bill Holland and has been a great success! A massive well done to all that were involved. Keep an eye out in January for dates for auditions for the summer show.

Year 11 Play #TeamPA

A number of year 11 students auditioned to be a part of the year 11 play. The play is called 'Mum I love you, I promise I won't die' and is a true story about a young boy who tragically died of a drug overdose. The play is going to be performed in January and we will be advertising when and where to get tickets when we return in the New Year.

Year 7 Music #TeamPA

Year 7 singing group

After Christmas there will be a year 7 singing group starting up. Year 7s with a passion for singing need to keep an eye out as it will be advertised in January and any students involved will be given the opportunity to perform at Wembley Stadium!

XMAS Factor

Again the talent at Longhill has really stepped up and this year we have had a real variety of acts! It was such a shame we couldn't have everybody performing as everyone that auditioned was fantastic! The finalists we chose are:

- Josh Dixon
- Invasion Dance group
- Rock Band
- Abigail Jackson
- Jessy-Franck N'Sukama
- Lexie Hammond

Rock Club #TeamPA

Rock Club started this term, students from any year with an interest in Music and the ability to play an instrument have formed a Rock band. They have been learning songs from artists such as ACDC and Kaiser Chiefs and are sounding great! The club will be continuing in the New Year, so anyone who is interested please speak to Mrs English or come along on Tuesdays to M1 from 2.45-3.45pm.

Clubs @ Longhill

Please find all information about clubs on the main website or ask your teacher!

Thank you for reading – Mr Fallick
