A WARM WELCOME

Kate Williams - Headteacher

We are a school that is aspirational in its goals, full of determination and successful in developing the young people within it. Longhill High School has a stimulating, supportive ethos where students thrive.

We develop the 'whole child', recognising that our young people need a plethora of skills to succeed in an ever-changing world. It is my responsibility to offer your child an outstanding education, nurturing their talents, interests and aspirations.

Together with parents and the community, we deliver an experience which results in happy individuals, equipped to confidently face the world.

Our motto is Aspiration,
Determination, Success:

ASPIRATION

We believe the first step of the journey is to inspire and motivate our students to have high aspirations and self-belief. By nurturing our students' ambition, we are laying the foundations for a successful future.

DETERMINATION

We believe students' determination will grow from undertaking learning which stretches and challenges, as well as enabling opportunities for students to reflect upon their mistakes and become resilient learners.

SUCCESS

We believe success is measured in terms of students' academic effort and progress, as well as their determination to make a positive contribution towards their local community and society.

“ Education at Longhill High School is about supporting and challenging every student, in every lesson, with every teacher, every day.”

KATE WILLIAMS
HEADTEACHER

“ Longhill High School is a spectacular vehicle for any student to be guided, to remain driven, to mature and to make the best of who they are. ”

YEAR 9 STUDENT

A MINDSET FOR EXCELLENCE

Longhill High School has a warm and focused atmosphere which offers our students a structured approach to learning. We work hard every day to ensure that all students feel both challenged educationally and supported emotionally in every aspect of their school life. We believe all students should take ownership of their education, invest in themselves and be proud of their school. We have high expectations of all members of the learning community, including students, staff, parents and governors to ensure the best outcomes for our students.

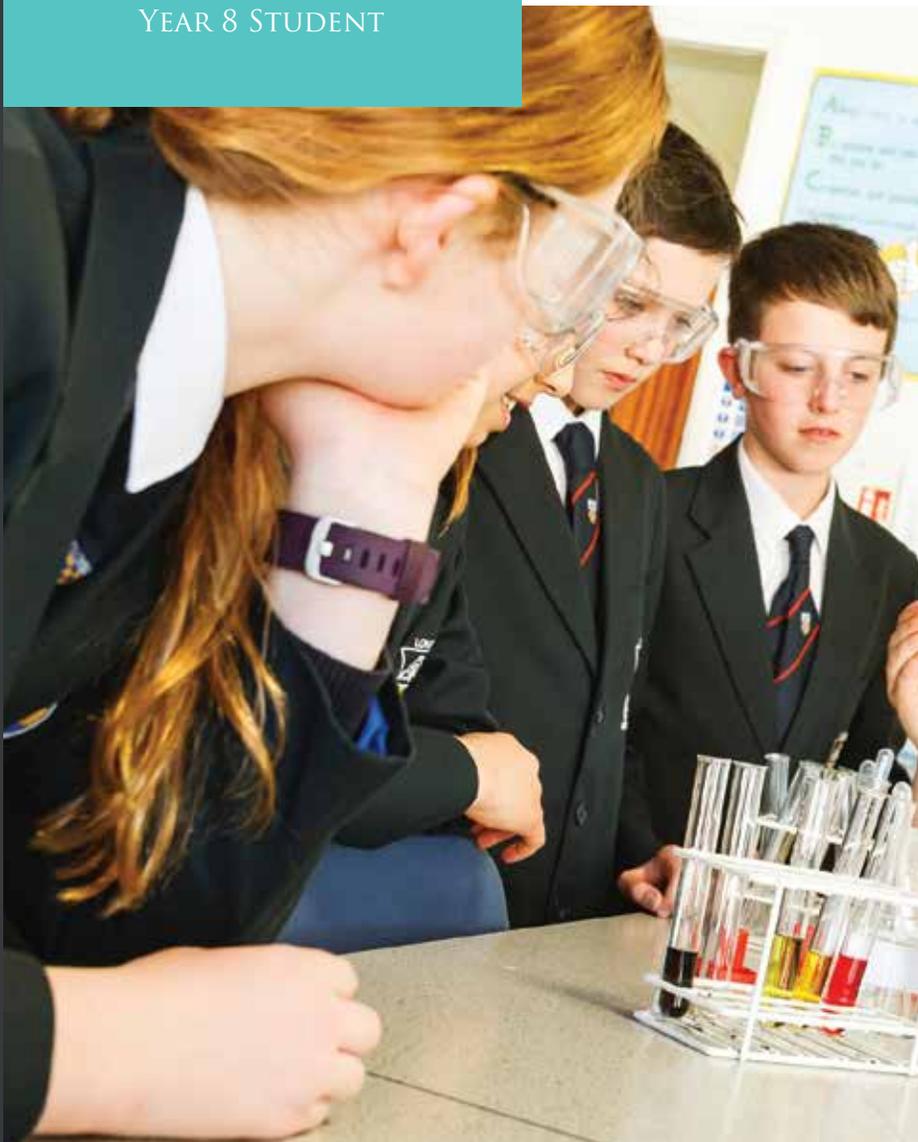

“ My favourite thing about Longhill High School is the teachers. They will help you if you need extra support or offer you harder work if you need a challenge. ”

YEAR 8 STUDENT

STRUCTURED LEARNING

We offer a comprehensive curriculum package at Longhill High School, which stretches and challenges the learning of our students. Our approach centralises around clear learning objectives, tangible milestones, personalised support and celebrating success. We believe that all students have potential and it is our aim to ensure the best outcomes for each and every child in our care. We recognise that all young people are unique and are committed to supporting them through their differing obstacles and visions for the future.

“ I can honestly say that if parents and teachers work together, then students really can exceed their expectations.”

A PARENT

EXTRA CURRICULAR

Longhill High School is rich with opportunities and experiences for our students to enhance their learning. Through work with local organisations such as Albion in the Community, Combined Cadet Force, Roedean School and University of Brighton, we are privileged to offer exciting and engaging events for our students to participate in.

We offer a wide range of after-school clubs which are fun and stimulating, such as Creative Writing, Art, STEM, Cheerleading, Trampolining, Football and much more!

“ Our son loved his time at Longhill High School and I cannot praise you enough for the support you have given us as a family. ”

A PARENT

“ From the moment I walked into Longhill, I knew it was an inspirational place. ”

A TEACHER

“ I never thought I'd say this, but I was excited to come back to school after the holidays! ”

YEAR 8 STUDENT

“ Pupils are respectful of others, helpful towards visitors and have positive and respectful relationships with teachers. ”
