

COLLEGE OPEN EVENTS

2019/2020

College open events are your opportunity to look around departments, meet tutors, compare facilities and see student work. Make sure you have:

- Selected courses that interest you
- Research college websites and prospectuses before you visit (as there will not be enough time to see all the courses on office.)
- If your college of choice has more than one campus, ensure you know which campus your course will run from.
