

Nacho Day

10th June 2020

Chilli topped Nachos

Or

Quorn Chilli topped Nachos

Both served with Rice

Followed By

Tres Leches Tray Bake

Fun Food Fact:

Nachos were invented by a (now-legendary) maître d' named Ignacio Anaya, who whipped up the first batch for a group of hungry U.S. military wives at a restaurant called the Victory Club in Piedras Negras, Mexico, near Fort Duncan. He fried up some tortilla chips, topped them with some shredded Cheddar and sliced jalapeños, and served them as canapés. He named them after his nickname, Nacho!
