Dear Parent/Carer

LONGHILL HIGH SCHOOL ENRICHMENT PROGRAMME FROM SEPTEMBER 2021

Longhill High School is delighted to announce our new enrichment plan and our bespoke Year-11 tutoring plan for 2021-22.

After two years of limited provision we are delighted to offer *all* students at Longhill High an extensive programme of after-school activities across every subject area. The activities and clubs are aimed at all students to help build positive relationships, building confidence, self-esteem and subject knowledge. It is also a great opportunity for students to develop their passion for learning.

Students who attend clubs will receive achievement points and recognition in whole school assemblies and trips throughout the year

Additional bus: The number 72 will run at 4pm every school day.
